

**PhD School in Life and Health Sciences  
University of Turin**

**PhD in Complex Systems for  
Quantitative Biomedicine**

**..... cycle**

*Student Personal Register for the Frequency of  
Teaching Activities*

PHD STUDENT FULL NAME: .....

## **INSTRUCTIONS:**

In order to access the final exam and the final discussion of the thesis, each PhD student must have attended at least 75% of the training offered each year, validated by the teacher's signature at the end of each lesson or seminar.

Each PhD student must also attend and certify participation in at least 5 other seminars of his/her choice.

The doctoral candidate must upload the duly completed register **in his personal Folder of the PhD Programme's Google Drive.**

The register must be completed in all its parts according to the indications of the entries in the register itself.

## INTRODUCTORY COURSES

### Introduction to Biochemistry:

Tutor: .....

| <i>Academic year: .....</i> |              |                   |
|-----------------------------|--------------|-------------------|
| <i>Date</i>                 | <i>Topic</i> | <i>Tutor sign</i> |
|                             |              |                   |
|                             |              |                   |
|                             |              |                   |
|                             |              |                   |
|                             |              |                   |
|                             |              |                   |
|                             |              |                   |
|                             |              |                   |
|                             |              |                   |
